

Bonny Hills Progress Association News

May 2016

The BHPA wish to acknowledge the immense and invaluable contributions made by Penny Marshall and Joyce Wulff, two long-standing committee members. Penny used her great knowledge and passion for preservation of our native wildlife to educate and inspire our members and the local community. Joyce kept us all aware of Council's activities whilst offering in-depth knowledge and understanding about our community. Their presence will be greatly missed as they retire gracefully.

Rainbow Beach Reserve Update Lots has been happening in this area with great projects still to come.

Two sets of garbage bins have been installed, one at the playground, to provide a consistent learning experience about recycling.

And below Two busy members of the BHPA, replacing and planting two new trees, to beautify and provide shade for the families in the play area,

Two exciting developments are planned after the BHPA applied for and received grants of:

\$1500 from the Kendall Community Op. Shop, to erect a wooden seat around the central Tucker tree, and

\$9020 from the Community Building Partnership Program for installation of a Safety Bike Path adjacent to the play area.

At the Recent AMG for BHPA Very interesting and informative discussions ensued with lots of questions after talks from Dan Croft (PMHC), and Tony Thorne (King and Campbell), on the impacts of development and increasing population pressures on things like traffic and roads, and services to our community. The meeting had great local support asking many questions with heaps of enthusiasm.

Passing lane at Grant's Head Quarry.

It's great to see this passing lane in operation after all this time. Traffic coming over the hill can now breathe easy when they see trucks ahead held up turning right into the quarry.
